

LexisNexis® EU Tracker

LexisNexis® EU Tracker provides inside knowledge of the impact of EU directives on member states' legislation and the path to implementation. Using an easy to read traffic light system, EU Tracker tracks implementation of EU directives in 16 member states and provides unique analysis charting implementation. EU Tracker also alerts you to changes to the implementation status of directives in your area of interest – and those of your clients – as and when they happen.

"It is incredibly useful to have all the local implementing measures of EU Directives summarised in one place. Thanks!"

'Love the national summaries – absolutely fantastic!'

LexisNexis EU Tracker gives you the confidence that you are obtaining the most up-to-date and accurate developments because our team of expert EU law editors, qualified in the key EU jurisdictions of the UK, France, Germany and Spain, are monitoring and analysing developments in the implementation of key directives. This means that you can save time and concentrate on leveraging the information from EU Tracker to stay ahead of your clients and look after their interests. EU Tracker is the only place you can get all the accurate information you need. Information available elsewhere is not comprehensive, accurate or reliable which means that without EU Tracker you need to work hard to manage your risk (and the risk of your clients) around European led development.

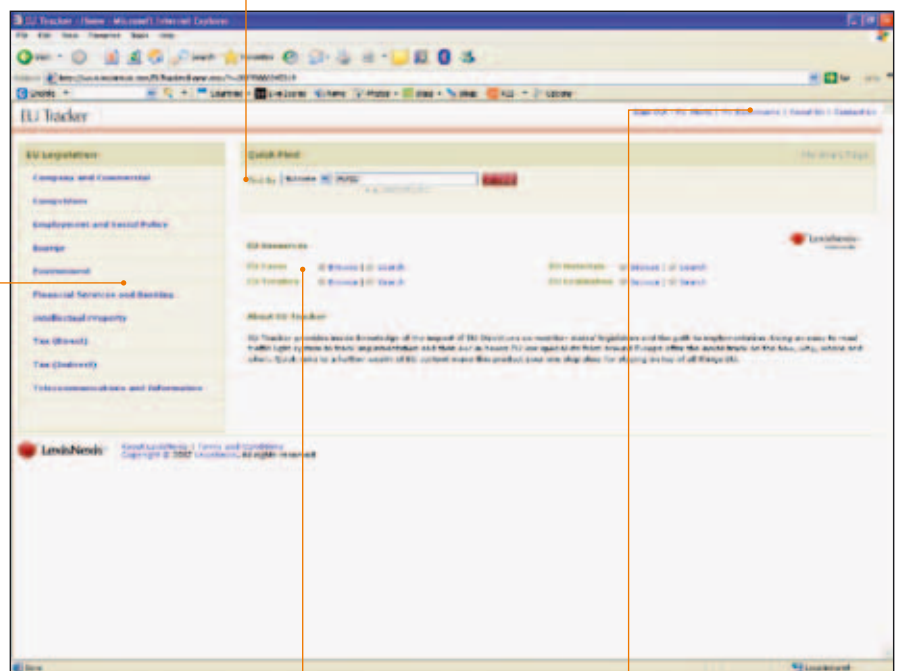

LexisNexis EU Tracker is the only solution in the market that can provide you with all of the following services:

- Indispensable tracking of the implementation status of EU Directives
- Expert analysis by our in-house team of EU law editors, qualified in the jurisdictions of the UK, Germany, France, Spain and working closely with our business units in France, Germany, Austria, Italy, and Poland
